Dear Mr. Duska

I would like to congratulate you on the successful organisation of the project conference "Conservation of Saker Falcon (*Falco cherrug*) in Europe", held in Éger, Hungary, on 16-18 September 2010.

I have been informed that the conference was exemplarily organised and contributed substantially to the dissemination of project results as well as to the exchange of experience among all relevant organisations and experts.

I kindly request you to submit the final version of the Conference Proceedings as soon as the document is finally agreed and approved by the conference participants and at the latest with the Final Report.

I wish you much success in the final stage of your project.

Yours sincerely,

Joaquim CAPITÃO
